Major Announcement #2

“What the hell! We know we’re great, Senior Class of ‘78!”

2022 NEW MEMBER CAMPAIGN

Challenge: can your class outdo the **Class of 1978**? Last year they more than doubled their members in the Alumni Association? The Association now counts 52 members from the ‘78 class. No other class has ever surpassed this group for joining the AHS Alumni Association in a single year. Can your class come close? By the way, did your class have a chant or slogan? If so, post it on our Facebook page. We wonder when this tradition began.

Check the membership roster on our website · **Contact** friends who are NOT members yet · To join online they can go to our website · Life, annual, memorial memberships available · Annual memberships purchased in 2022 will be current through 2023 · **Can your class beat the Class of 1978?**

Alumni Scholar Update

I had an amazing time at UNT last semester. I made the Dean’s list with a 3.75 GPA in five classes. I am majoring in Criminal justice/Pre-law and I love it! I took several law classes at AHS which prepared me for my major. The challenge for me was balancing work, class, projects, homework while participating in clubs and school activities with friends. Once I got it figured out, everything became so much easier.
